

Trial Updates

Screening log

Screening log completeness is a crucial part of **trial activities at site**. Continue to screen **all** children under the age of 5 under assessment for cochlear implants and **upload all screening information** as soon as it becomes available, **regardless** of participant eligibility. The study team use this data to track progress of screening and enrolment at site.

Site update

Welcome to the team at The Richard Ramsden Centre for Hearing Implants, Manchester (05).
