Minor Modification 04

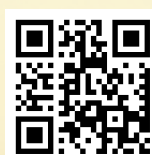

Written consent is no longer required prior to baseline
PLS-5 assessment. Routine PLS-5 data can now be used
for the baseline measurement, provided the
assessment was administered and scored no longer
than 6 weeks prior to written informed consent date.

Qualitative Package Survey

Survey on Current Speech and Language
Therapy Practice in UK CI centres will be
circulated for completion by 2 people per
site. Please complete as soon as you can.

The team at USAIS:
Thank you all for your continued support and dedication
to the IMPACT trial, glad you received those treats!

PI: Alison Anning Strevens

Meeting with Teresa Quail from BAToD

Trial management team met with Teresa Quail- National Executive Officer from British Association of Teachers of Deaf Children and Young People.

The meeting was insightful with Teresa providing us with some very useful resources. We will be in touch with QToD's dotted around the UK to help us reach out to families.

WE HOPE
YOU HAVE
A LOVELY
RELAXING
SUMMER!
